

60-100 Key Concepts in Computer Science Fall 2011

Note that this is a tentative schedule and will change when the times are know for the use of the Java lab by other courses.

If the Java lab is being used for a class at any of the times below, could the graduate student GA please find another room on the third floor of Lambton Tower (if possible) and place a note on the door of the Java lab stating “60-100 consulting is in Room ?? for the timeslot ???”

The schedule below will be changed as soon as the schedule for other classes is known.
